

## ROADTREK II

Flexibility is the key word with Home & Park Motorhomes. Three exciting models to choose from, offer various seating & sleeping arrangements, all changeable for your convenience in a jiffy. There is optimum storage & cabinet space for travelling needs, plus room to move around and entertain. Large, comfortable beds with thick, soft foam mattress, give the luxurious sleep you expect from a quality home on wheels. The all season, all purpose Home & Park Motorhomes accommodate 2-6 adults comfortably. The full complement of features opens up your Motorhome to the world around you, be it beach or city centre. It has the comforts and facilities comparable to home. It's a house keeping unit on wheels, completely self contained.

Home & Park Motorhomes offer the convenience of a fixed flush toilet and 31 Imp. gallon waste holding tank. For complete washroom privacy, simply open the closet doors. The large ventilating picture window brings the outdoors in and the design of the drapes gives you complete privacy when you want it. The futuristic fibreglass roof, with translucent cockpit windows is insulated & finished with a soft ceiling liner, offers full standing height for the average person. The unique optional sunken floor gives a further 5" of headroom for an extra tall person. All Home & Park Motorhomes have thick, soft carpets on the floor and washable upholstery.

The automotive side of Home & Park offers dependable Dodge Vans "Ram Series 150 and 250", economical engines, power steering, power brakes & cruise control. Steel belted tires & stabilizer bar assure you of a smooth, comfortable ride. Bright finish mirrors, bumpers, hub caps and accent striping enhance the appearance. The single rear door with one large window provides a better unobstructed view.
