The Van That Thinks It's A Motorhome.

For years, many people have enjoyed the spacious room and comfort of the full size motorhome. At the same time, others have found that to truly enjoy this carefree lifestyle, the convenience and mobility of a van are of paramount importance. Wouldn't it be wonderful if one could enjoy the freedom and independence of motorhome living in a unit that's small enough to be truly free?

In 1981, Home & Park Motorhomes expended the time and effort to design a small, fuel conserving recreational vehicle with comfort and practicality uppermost in mind. The result was a new creation that gave you the best of both worlds; the Roadtrek motorhome van. Since then, Home & Park has refined and improved Roadtrek that now it truly believes it's a motorhome.

Roadtrek Is A Van.

Before we tell you about why Roadtrek thinks it's a motorhome, let's discuss a few qualities that prove it's still really a van.

Roadtrek Is Fuel Efficient.

Any vehicle's fuel efficiency is directly dependent on its aerodynamics and weight.

Roadtrek is much more streamlined than traditional motorhomes or camper vans (1). It's astonishing aerodynamics can be attributed to a few basic factors. The profile is not only lower, but raises the wind much more efficiently.

But, the aerodynamics don't end there. Once raised, the wind travels effortlessly along the rearward sloping roofline and down the tapered rear of the vehicle.

Roadtrek is much lighter than the typical motorhome. This too, contributes to its fantastic fuel economy.

Designed to be streamlined and lighter, Roadtrek is more economical to operate. It's as simple as that.

But Is Roadtrek Simple and Comfortable To Drive?

It certainly is! Unlike larger motorhomes, Roadtrek is as easy to drive as the family station wagon. Because the body has not been widened like other wide body

1. Effective aerodynamics, low overall height and light weight maximize fuel efficiency and improve handling.

2. Awning windows provide superior air circulation during foul weather without soaking interior occupants or contents. Integrated venting system allows effective ventilation of the appliances while

maintaining the aesthetic appearance of Roadtrek.

3. Roadtrek is equipped with a large, comfortable double bed as a stationary fixture (C1) or convertible to a spacious dinette (C2).

4. By simply swiveling the two front captain's seats, a spacious seating area for four is created. Patented

cloverleaf dining table (A3), with extendible and retractable "leaf" combines the ample surface of a kitchen table with the convenient size of a cocktail table.

5. and 6. Three section layout provides many advantages over traditional camper van designs: comfortable and proximate seating for four while driving, private sleep

vans, it is effortlessly maneuvered through congested downtown traffic or into a crowded parking lot.

You'll appreciate its generous window area, many standard automotive features and adjustable captain's seats when you're midway through a lengthy journey.

Roadtrek Is Practical For Everyday Use.

Because it's easy to drive, economical and comfortable, your Roadtrek need not sit idle between vacations. And not merely for day long trips to your favorite resort, but likewise for daily commuting.

In fact, because of the pleasing appearance, you'll be proud to drive anywhere in your new Roadtrek!

Why Does Roadtrek Think It's A Motorhome?

Because within the exterior dimensions of a van lies a true motorhome. Most of their qualities can be found in the Roadtrek motorhome van.

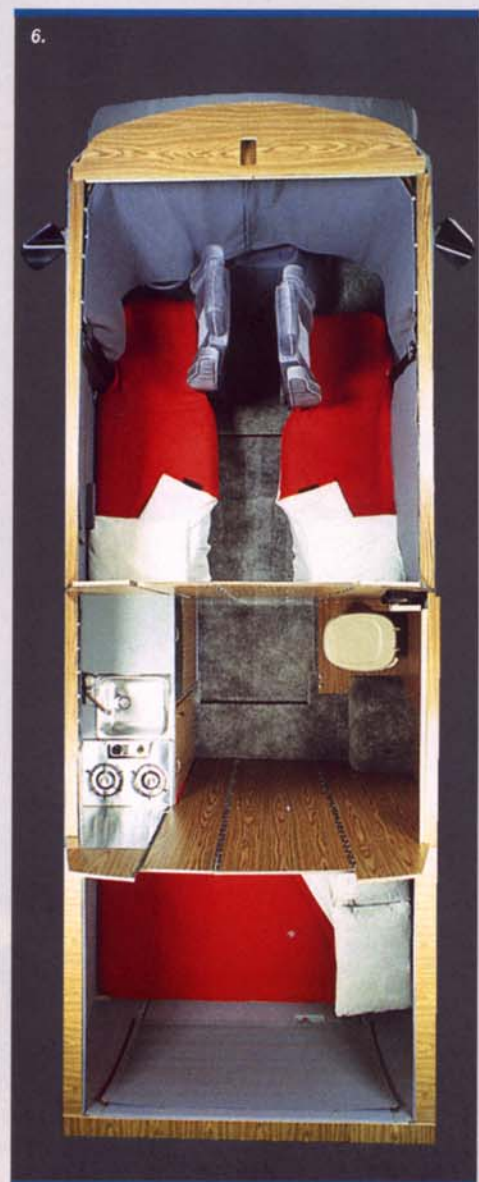

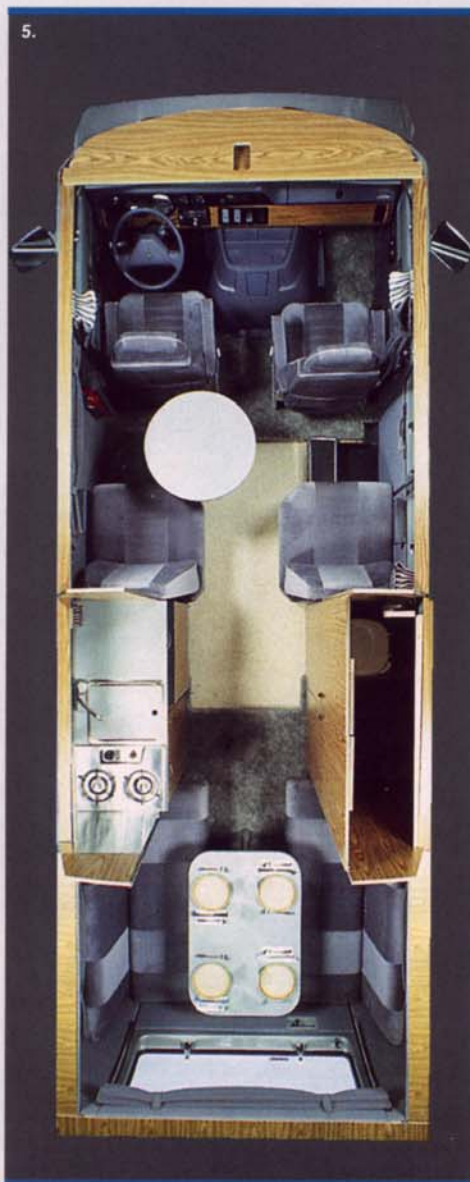

Although small on the outside, once inside it's difficult to believe you're in a van at all. Home & Park takes advantage of the cab area as living space. By simply

swiveling the driver's and passenger's seats, a comfortable seating area is formed with ample room for eating, entertaining or just relaxing (4).

And when it comes to daily living, Roadtrek is out in front. Inside there is full standing height for persons up to six feet. But how do we do this with such a low roofline? It's simple. Instead of raising the roof more, we just lowered the floor. That way, a comfortable standing height and maximum fuel efficiency can be maintained.

But the comfort and spaciousness doesn't end there. Roadtrek can sleep 2 or 4 in large comfortable beds of thick, soft and even foam without a bump, sag or gap to endure. And if there are only two of you, equip your Roadtrek with our patented cloverleaf dining table (4) and stationary bed (3) thus providing separate eating and sleeping areas. That way there is no need to make up the bed before you retire at night or set up the dinette after you rise in the morning. Now compare that with anything else on the market!

Access to the bathroom at night is made convenient by its central location; no climbing over three of your companions to reach the restroom (6). There is also ample storage space under the seats and bed, in the cupboards and wardrobe and in our innovative rear storage trunk (8).

sections at bed level for up to four, complete mobility when beds are set up, possible separate eating and sleeping sections for two, choice of two eating areas, centrally located bathroom and large privacy area.

Roadtrek's Patented Bathroom/Privacy Area Is Remarkable.

Instead of forcing you into a small, permanent bathroom as is in even the larger motorhomes, **Home & Park** has created a spacious "temporary bathroom". When not needed, the bathroom (marine type toilet) is within the closet and out of the way (5).

To use the bathroom simply open the two folding closet doors and a spacious, private area is created (6). The closet doors also provide separate sleeping sections at night. It's so simple, it's incredible that no one had thought of it before.

The shower (7) is equally amazing. It doubles as a wardrobe. Just swing the rack while the clothes remain on the hangers out over the bed, fold down the tub cover and draw the curtain. It really must be seen to be believed!

A fully equipped galley (9) including refrigerator, microwave oven, stove, exhaust fan and sink is provided in your **Roadtrek**. And it's completely self contained for independent use. Now that's practical!

What's An Innovative Design Without Quality?

Nothing. We know that you demand quality. And quality is what you get in a **Home & Park** motorhome. As members, all **Home & Park Roadtreks** meet and often exceed rigid R.V.I.A. recreational vehicle standards and C.S.A. standards.

Not only is there quality in their design, but also in their construction. Each **Roadtrek** is backed by intensive quality control to ensure craftsmanship and dependability.

Why Settle For A Copy When You Can Have The Original?

Because of its effective design and layout, **Roadtrek** has attracted many copiers. However due to constant improvement and innovation, **Home & Park** is always one step ahead of its copying competitors. And being the originator of many of the unique features found in **Roadtrek**, **Home & Park** has been granted numerous United States and Canadian patents (10). After all, why be satisfied with a van that thinks it's a **Roadtrek** when you can have one that is?

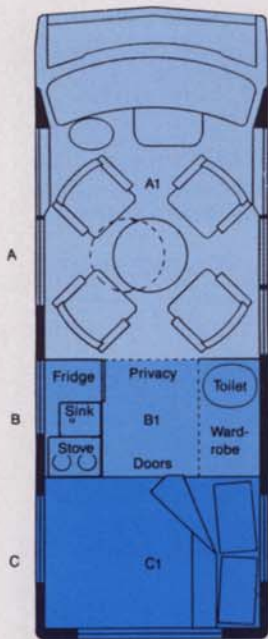

7. Combination shower and wardrobe (B3) provides complete bathing facilities while maintaining the necessary space for hanging clothes.

8. Additional storage space is supplied within our unique storage trunk (C3) located beneath the floor at the rear of the unit.

9. Fully equipped galley (B1) features refrigerator, microwave oven, gas stove, exhaust fan and sink. Spacious eating area for four is provided by the rear dinette (C2).

10. Many unique design features are protected by hard earned United States and Canadian patents.

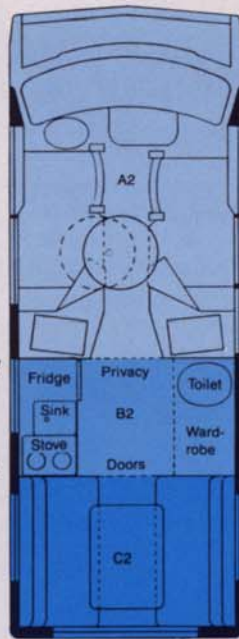

Popular

Four captain's seats that slide, swivel and recline. Removable and pivoting 24" round table.

These sections are interchangeable.

Large stationary double bed 74" x 52", 7" thick mattress. Storage under bed.

1

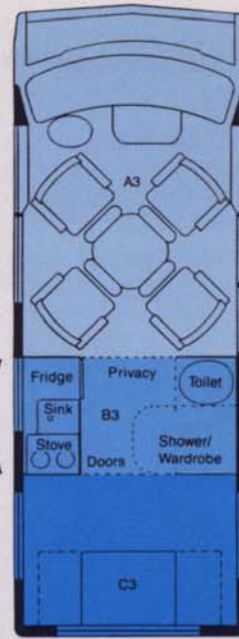

Versatile

Two single beds convert to four lounge seats. Removable and pivoting 24" round table.

These sections are interchangeable.

Dinette converts to large double bed. Removable table. Storage under seats.

2

Top Liner

Same as A1 plus removable and pivoting clover leaf table. Section A2 is optional here.

Interchangeable with "The Popular" sections.

Same as C1 plus rear under floor storage trunk. Section C2 is optional here.

3

STANDARD CONVERSION FEATURES

- 1 Low fibreglass roof
- 2 'Hehr' awning windows
- 3 Four captain's chairs
- 4 Pivoting and removable 24" round table
- 5 Large stationary double bed
- 6 Spacious wardrobe
- 7 Cabinet over windshield
- 8 'Hide-A-Tenna' TV antenna and swivelling shelf
- 9 12V hooded exhaust fan over two burner LP gas stove
- 10 Automatic LP gas furnace (14,500 BTU)
- 11 37 L/10 US gal. LP gas tank
- 12 110V 'Sharp' microwave (.4 c.f.)
- 13 12/110V/LP gas 'Dometic' fridge (3.0 c.f.)
- 14 110/12V 31 amp. converter/charger
- 15 Auxiliary battery and isolator
- 16 Eight 12V lights (2 fluorescent)
- 17 110V and city water connections
- 18 12V demand water system
- 19 45 L/12 US gal. fresh water tank
- 20 Privacy area with bifold doors
- 21 Toilet connected to 91 L/24 US gal. black water tank
- 22 45 L/12 US gal. grey water tank
- 23 Patented 'Dura-Drain'™ sewer hose system
- 24 Integrated venting system

STANDARD AUTOMOTIVE FEATURES

- 31 Dodge B250 maxivan chassis
- 32 Air conditioning (in US)
- 33 Power windows and door locks (in US)
- 34 Cruise control and delay wipers
- 35 Tilt steering (in US) and low mount mirrors
- 36 132 L/35 US gal. gasoline tank
- 37 5.2 L/318 CID 2 BBL V8 engine
- 38 P235/75R15 steel belted radials
- 39 Spare tire (stored inside)

FLOOR PLAN SELECTIONS

Any front/centre/rear section combination may be selected. For example: A1, A3, B2, C2 and C3.

LOCATION	Popular	CODE	X
FRONT	Four swivelling and reclining captain's seats with pivoting and removable round table	A1	
CENTRE	Galley with 12/110V/LP gas fridge, microwave oven, sink and 45 L/12 US gal. fresh water tank, fan over gas stove and privacy area with wardrobe and toilet	B1	
REAR	Large stationary double bed with storage below	C1	
Versatile			
FRONT	Two captain's chairs and two lounge seats convert to two single beds with pivoting round table	A2	
CENTRE	Same as B1 except 90 L/24 US gal. fresh water tank	B2	
REAR	Dinette converts to large double bed	C2	
Top Liner			
FRONT	Cloverleaf dining table (must code A1 or A2 also, replaces 4)	A3	
CENTRE	Same as B1 plus shower, 135 L/36 US gal. fresh water tank and choice of constant flow water heater (must code 42 or 47, recommend 64)	B3	
REAR	Rear storage trunk (66" x 28" x 12"; must code C1 or C2, recommend 64)	C3	

CONVERSION OPTIONS

- 41 12V 'Fan-Tastic' power roof vent
- 42 Constant flow LP gas water heater
- 43 Over cab storage drawer
- 44 'Onan' remote-start generator (2800W)
- 45 110V 'Ultrakool' built-in air conditioner (5400 BTU)
- 46 110V 'Coleman' roof air conditioner (7100 BTU)
- 47 Constant flow 110V water heater (25 amp)

AUTOMOTIVE OPTIONS

- 59 AM/FM cassette (2 speakers)
 - 60 AM/FM cassette (4 speakers)
 - 61 Premium AM/FM cassette (4 speakers)
 - 62 Premium colour (silver)
 - 63 'Ziebart' rust protection
 - 64 Additional rear leaf springs
- See your dealer for additional options

COLOUR SELECTION

Exterior	Striping	Upholstery	Carpeting
White	beige/ brown	taupe	taupe
Cream	beige/ brown	taupe	taupe
Silver	blue/ grey	gunmetal	blue grey

RECREATIONAL VEHICLE COMPLIANCES

CANADA: Only C.S.A. approved materials and equipment are used and may exceed required installation standards on many items.

USA: All units are R.V.I.A. approved and may exceed individual state safety codes.

EXTERIOR DIMENSIONS

Overall length	5660 mm (18' 7")
Overall width	2030 mm (6' 8")
Overall height	2390 mm (7' 10")
Base weight	2630 kg (5200 lbs.)
Gross vehicle weight rating	2900 kg (6400 lbs.)

INTERIOR DIMENSIONS

Standing height	(max.) 1830 mm (72")
Rear double bed:	
length	1880 mm (74")
width	1320 mm (52")
Single bed:	
length (max.)	1780 mm (70")
width (max.)	660 mm (26")

WARRANTY

All units are covered by a three part limited warranty:

PART A: Automotive Warranty—

The current warranty offered by Chrysler Motors

PART B: Appliance Warranty—

The warranties offered on the individual appliances by their respective manufacturers.

PART C: Home & Park Conversion Warranty—

A one year/20,000 km/12,000 mile limited warranty covering the manufacture of the conversion.

Ask your dealer for details.
